

Heriot-Watt University

Students' Actuarial Society

COMPETITION

Category 1: An Important Mathematician

Have you ever wondered who the mathematicians are that changed the way we study mathematics now and shaped the world of actuarial science?

If so, this category is for you! Ideal for Year 1 and 2 SAS members, it will involve the creation of a poster on the history of a famous mathematician.

You will work in groups of 2 or 3 (individual registration available) to produce a poster to present to judges about an influential mathematician of your choice.

Category 2: Assessment Centre

Ever heard of practice makes perfect? Well, this is your chance to practice for the assessment centre you will inevitably face during your application process.

This category is ideal for Year 3, 4 and MSc SAS members and will consist of a mock assessment centre.

On the day of the competition, you will be allocated in groups of 4 or 5 and work with your group on problems that will be handed to you. Your group will be judged as a whole, so co-operation within your team is essential.

How to register

1. For the poster competition:

- Come up with a team name
- Register your team at:
www.hwsas.com/competition.html
- Don't have a team? Don't worry, register and we will find you one!

2. For the assessment centre:

- Register at:
www.hwsas.com/competition.html
- If you are in Year 1 or Year 2 you can still register but priority will be given to Year 3, 4 and MSc students.

What you will gain

1. Cash Prize

- For each category there will be a winner and a runner-up group
- **£30** for each winner and **£20** for each runner-up!

2. Great Experience

- You will be judged by professionals and receive valuable feedback!
- It will look good on your CV!

Date of the competition: **25/01/2017**

Deadline for registration: **19/12/2016**
